On receipt of the fees and candidate/learner details, Badminton Scotland will send all resources, assessment packs, exams and documentation to the organiser/course tutor or where OneFile/Moodle is being used the candidate/learners will receive login details from Badminton Scotland to access their resources online.

Course fees can be found on the Badminton Scotland website <http://www.badmintonscotland.org.uk/coaching/coaching-courses/>

For paper-based courses, the tutor/assessor must return all unused resources, assessment packs and documentation to Badminton Scotland with the completed course documentation and assessment packs. Return mail should be sent by recorded or personal delivery to the Badminton Scotland office (during office hours only – Mon- Thurs 9.00am – 5.00pm and Fri 9.00am – 4.00pm). Proof of postage or a Badminton Scotland receipt (in the case of personal delivery) must be retained by the organiser. Section 6: Cancellation Policy

Please find below Badminton Scotland candidate cancellation policy for Coach Education Courses.

- Cancelled 4 weeks prior to the course: 100% refund plus £5 administration fee payable
- Cancelled 2 weeks prior to the course: 50% refund plus £5 administration fee payable.
- Cancelled less than 2 weeks prior to the course: No refund

Once the course has started, fees are non-refundable and non-transferrable. Failure to turn up to your assessment day will be classed as Not Yet Competent and you will be required to attend a re-assessment day at the costs stated in section 10. This fee will be waived if there are extenuating circumstances preventing you from attending. A full explanation in writing must be provided and if you cannot attend any of the course due to illness we require to see a doctor's note.

Section 7: Assessments

7.1 General Assessment Policy

All candidates/learners should be made aware of:

- The timing of assessment to allow preparation to meet deadlines
- The criteria against which they will be assessed, to ensure that they are adequately prepared
- The standards to be applied to measure success
- The method/s by which they will be assessed - to ensure that these are fair
- The outcome of assessment and the reasons for that outcome - to allow candidates/learners to judge their own performance for future reference
- Candidates may not find out on the assessment day whether they have passed or not – candidates should wait for official confirmation from Badminton Scotland via results letter.
- The cost of any formal reassessment opportunities

This is underpinned by the following principles:

- All assessments will be carried out in a fair and equitable way, without prejudice or favour.
- Any deviation from this policy in favour of one candidate/learner must be fair to all other candidates/learners
- Where a candidate/learner requires an alternative form of assessment it must be clear that, although the form of assessment may change, the

knowledge or skill being assessed must not change and the standard to be achieved must not change

- It is the responsibility of the candidate/learner to ensure understanding of the assessment criteria and standards before presenting for assessment
- A candidate/learner has the right of appeal against any outcome

Badminton Scotland will appoint course tutors and assessors for each organised course.

For pre-course assessment, these will be hosted and completed on Moodle or Onefile. Passwords and usernames will be sent out to candidates prior to the start of the course. Course organisers and tutors must use Badminton Scotland assessment documentation which is provided as part of the course resources.

7.2 Internally assessed work will conform to the standards and outcomes set by SQA and Badminton Scotland.

- Assessment dates and deadlines may be altered by Badminton Scotland for reasons such as venue availability/assessor availability for example. Candidates will be notified in a timely manner
- The assessment criteria and how these will be applied should be made known to candidates/learners to enable them to familiarise themselves with the assessment criteria prior to the submission of their work for assessment. This will be detailed in learner portfolios and tutors will reinforce during taught course.
- If a candidate/learner fails to meet a deadline and has made no attempt to negotiate an extension, this should be clearly noted in all records and the candidate/learner should be made aware that it has been recorded. This could lead to the candidate/learner not being able to achieve the qualification within the agreed timescale
- Where the tutor feels that an exceptional number of extensions to deadlines have been granted, this should be discussed with the candidate/learner concerned. If the outcome of the discussion is that no further extensions are to be granted then Badminton Scotland should be notified of this
- Badminton Scotland does not enter into discussion with candidate/learners or tutors regarding their individual performance. If a candidate/learner or tutor has concerns that the candidate/learner's results were not an accurate reflection of the candidate/learner, the decision can be appealed under the process stated in section 10.

7.3 Guidance for Video Assessment

In most circumstances, all assessments are observed in a live setting. However, in some circumstances, recorded assessment can be agreed by Badminton Scotland and course organiser. The assessment should conform to the following guidelines:

1. The assessment must be presented in digital format

2. The recording must be accompanied by details of the learner's full name, date of birth, date of assessment, Scottish Candidate Number (SCN), and clearly marked stating the qualification title
3. The recording must contain footage of the assessment only, which must commence at the beginning of the recording
4. The assessment must be shot in one take. Assessors should refer the assessment if the recording contains edits
5. The learner and participant(s) must be in camera shot throughout the entire recording
6. The learner must be clearly heard at all times throughout the recording. If it is difficult to hear the learner's instructions, they should be referred
7. Any comments made by the participant(s) should be clearly audible at all times
8. The assessment must be conducted in a suitable environment e.g. a badminton court setting. If the venue is deemed to be unsatisfactory, the learner will be referred on their assessment
9. A copy of the lesson plans and video recording consent forms for all of the participants being filmed must accompany video assessment submissions
10. The video produced must cover the assessment range required in the unit/qualification assessment guidelines (please refer to the appropriate observation checklist)
11. Use of Skype or equivalent: Skype may be used to conduct oral Professional Discussions or Vivas. A written record and/ or electronic recorded audio/ video file of the discussion must also be made and kept for quality assurance purposes, and retained in accordance with SQA's assessment evidence retention guidance. **(NB Skype cannot be used for the purposes of assessment of practical skills)**

Example of Video Consent form can be found in appendix 1.

Section 8: Reasonable adjustments policy (RAP)

Badminton Scotland's reasonable adjustments policy is designed to assist candidate/learners who, because of a permanent, long term or temporary disposition, have special assessment needs in examinations and/or other aspects of the assessment process. The paper is for guidance only and cannot cover every circumstance where some form of reasonable adjustment may be required. Organisers or tutors whose candidate/learners' particular needs have not been addressed in this document should contact, in the first instance, Badminton Scotland for guidance.

8.1 General principles for reasonable adjustments:

- Reasonable adjustments are arrangements which are approved before the examination/assessment to enable candidate/learners who might not otherwise be able to do so, to demonstrate their level of understanding and/or competence
- Reasonable adjustments are available for candidate/learners who have a range of difficulties including; speech impairment, physical impairment, visual impairment, hearing impairment, learning difficulties and/or disabilities. Reasonable adjustments are also available for those candidate/learners whose first language is not English
- The overall permission for granting reasonable adjustments rests with Badminton Scotland. However, in many situations decisions related to the application of this policy can be made by the tutor who should be the first point of contact and who must then inform Badminton Scotland of the reasonable adjustment and reason for it
- The candidate/learner's individual needs will determine the nature of the adjustment decision
- Reasonable adjustments must not give the candidate/learner an unfair advantage over other candidate/learners
- Reasonable adjustments must not compromise the quality, integrity and validity of the qualification
- Failure to comply with the regulations contained in this guidance paper may lead to a candidate/learner's results being invalidated and certification withheld
- The candidate/learner has a responsibility to raise issues related to reasonable adjustments before a course commences or as soon in the course as the need for such adjustments are identified. Organisers should ensure that pre-course candidate/learner information encourages candidate/learners to identify any known difficulties that may fall within the scope of this policy

8.2 Reasonable adjustments to written examinations

- It is the candidate/learner's responsibility to discuss their requirements with their tutor and provide evidence of their needs.
- Written examinations should not be considered to be a test of speed but as a means of ascertaining the candidate/learners' level of underpinning knowledge. Therefore, the decision regarding the allocation of additional time for written examinations can be made based upon the following;
 - Level 1 certificate – the maximum additional time allowed is 25% of the stated examination time.
 - Level 2 certificate - the maximum additional time allowed is 25% of the stated examination time.
 - Level 3 certificate – the maximum additional time allowed is 25% of the standard examination time

- An allowance greater than that stated above may be permitted only in exceptional circumstances following discussion between the tutor and Badminton Scotland
- Requests for additional time must be made to the course organiser at the point of candidate/learner booking and be supported by evidence which must be presented to Badminton Scotland and will be saved on file.
- If it is impractical to identify the candidate/learner's special arrangements requirement in advance of the scheduled examination date, the tutor and course organiser should make alternative arrangements for the candidate/learner to undertake the examination and liaise directly with Badminton Scotland.
- In many circumstances a candidate/learner receiving some adjustment to the written examination process will not necessitate changes to the normal organisation of the written examination/test other than the provision of extra time. Whilst it is unreasonable to expect all candidate/learners to remain in the examination room for the extra period of time care needs to be taken to ensure that the departure of other candidate/learners does not adversely affect the candidate/learner(s) who remain.
- If the requirement is for the use of a reader or a scribe then an alternative room will be required. In this situation a second invigilator must also be in attendance. In the case of a deaf candidate/learner the reader and/or scribe should be an experienced sign language interpreter.

8.3 Examinations in a language other than English

It is not practicable for Badminton Scotland to offer candidate/learners a choice of languages in which to take the examination.

8.4 Bilingual dictionaries

Bilingual dictionaries may be used by candidate/learners whose first language is not English. Additional time may also be granted if writing in English presents candidate/learners with a difficulty.

8.5 Reader

A reader will be a responsible adult who does not have specific technical knowledge of the subject matter; his/her function is to read, but must not explain questions to the candidate/learner. The reader must not add to or explain any of the words or phrases used in the question and must provide no additional guidance. The question may be repeated as many times as required by the candidate/learner.

The answers must be the candidate/learner's own and the candidate/learner will be required to provide written answers. Extra time will be allowed in accordance with that detailed in 8.2 above.

8.6 Scribe

A scribe will be a responsible adult does not have specific technical knowledge of the subject area. His/her role is to read the question to the candidate/learner and then write down the answers provided by the candidate/learner. He/she may not add to or explain any of the words or phrases used in the question and must provide no

additional guidance. The question may be repeated as many times as required by the candidate/learner. The answers must be the candidate/learner's own. The scribe may read back the answer if requested by the candidate/learner and make any changes requested by the candidate/learner. Extra time will be allowed in accordance with that detailed in 8.2 above.

8.7 Reasonable adjustments for on course assessments

On course assessment refers to the practical teaching/coaching and other tasks required to show that the stated outcomes for the qualification have been met. Organisers may make reasonable adjustments to the on-course assessment of candidate/learners in the following circumstances:

- Candidate/learners who have dyslexia
- Candidate/learners who require help with reading
- Candidate/learners whose first language is not English
- Candidate/learners who have a physical, visual, speech or hearing impairment
- Candidate/learners who have a learning disability or difficulty

However, tutor/assessor must ensure that they have clearly identified and recorded their reasons for granting any adjustments and that internal verifiers have access to this evidence. This must be discussed with Badminton Scotland in advance. The tutor/assessor must keep securely and confidentially all records of adjustments and return them to Badminton Scotland with the course documentation and assessment materials.

Tutors must abide by Badminton Scotland's general principles and inform them at the start of the course, in writing, of the adjustments made or to be made to the assessment process.

The over-riding consideration in granting adjustments must be the safety of the candidate/learners and the participants in their charge and this must not be compromised. In addition, all candidate/learners will be required to meet the criteria identified on the assessment sheets but may do so in a manner suited to their particular needs.

The type of support provided under the reasonable adjustment policy for on course assessments includes:

An enabler may be allowed in certain circumstances to assist the candidate/learners to carry out some of the tasks, which might reasonably be expected of a teacher or coach. Candidate/learners must neither endanger the participants in their charge or themselves and must, with the assistance of the enabler, be able to meet and achieve all aspects of the assessment criteria. The tutor will have to assess candidate/learners carefully to ascertain whether the use of an enabler is appropriate and to seek confirmation from Badminton Scotland that this is acceptable.

Sign language may be used to enable candidate/learners who are deaf or who have a hearing impairment to communicate effectively with the tutor/assessor and the players.

Additional time may be allocated for candidate/learners to present any written assessment work in accordance with the general principles outlined in 8.2.

Alternative forms of evidence for assessment; candidate/learners may present work for assessment through other mediums e.g. audio, video etc.

Interpreters; effective communication is an essential requirement for a badminton coach. Although communication used during the course will be in English, interpreters may be used to assist candidate/learners whose first language is not English during the theory sessions or as a reader for the written examination/test (see 8.5). It is likely that the latter will be in conjunction with the provision of additional time.

8.8 Special considerations related to on course and written examination assessments

In certain circumstances Badminton Scotland will grant special consideration to candidate/learners who have not been able to complete the course for the following reasons:

- A candidate/learner who has suffered a very recent bereavement or trauma, or who has had to deal with matters relating to the bereavement/trauma
- A candidate/learner who is suffering or recovering, from an illness or injury
- A candidate/learner who has been affected by a disruption to the examination or assessment e.g. a fire alert resulting in evacuation of the building, other specific environmental occurrences

Requests for special considerations related, or similar, to those outlined above should, in the first instance, be discussed with Badminton Scotland.

The request for special consideration must be made by the tutor/assessor or candidate on behalf of the candidate/learner. The request should be made no later than when the examination papers are sent to Badminton Scotland at the end of the course.

8.9 The decision-making process

The following guidance is provided for the organiser and tutor when considering issues relating to the application of this reasonable adjustments policy (RAP);

Stage 1: Issue related to the possible application of the RAP identified

Stage 2: Organiser/Tutor discusses issue with the candidate/learner and the tutor and obtains evidence

Stage 3: Tutor agrees/disagrees that an application for reasonable adjustment should be made and sends evidence to Badminton Scotland

Stage 4: Tutor or organiser contacts Badminton Scotland for further discussion

Stage 5: Badminton Scotland agrees/disagrees with the recommendation made by the tutor

Appeals: If the tutor is not satisfied with the outcome of any of stages three to five an appeal can be made in accordance with the Badminton Scotland's appeals procedure in section 11.

Section 9: Issuing results

- Badminton Scotland will endeavour to issue results to candidate/learners after receipt of the examination and all course documentation within six weeks.
- In order for Badminton Scotland to do so, all course fees must have been paid and all assessment materials and other required documentation returned to Badminton Scotland. Any delays to the receipt of this documentation will delay the issuing of results.
- Examination results will be issued to candidate/learners by post/e-mail/Onefile
- Examination results will also be disclosed to the tutor of the course. Badminton Scotland will not discuss examination results prior to their issue.
- Results will not be issued to candidate/learners for whom Badminton Scotland has not received the candidate/learner fee or completed paperwork and/or assessment materials.
- For practical assessment, candidates/learners may not always find out on the day if they have been deemed Competent or Not Yet Competent. The official results letter will detail whether candidate/learner has been assessed as Competent/Not Yet Competent
- Once official results have been issued, candidates can appeal the decision if there is sufficient cause. All Appeals will be subject to fees as detailed in Section 10.

Section 10: Reassessment Policy

10.1 Overview

All Badminton Scotland Coach Education courses are a learning process whereby coaches and tutors transfer information to enable the coach to progress and develop, with the outcome of achieving the desired qualification. With that in mind, the re-assessment policy has been created to allow for learning, feedback, development and progression

If a candidate/learner does not achieve the required pass mark for the written or practical assessment component of their qualification, they will be required to complete a reassessment in order to achieve the qualification.

Reassessments do incur a charge; please refer to course information below for course reassessment fee information.

Reassessment examinations should be arranged by the candidate/learner directly with Badminton Scotland by completing and submitting a reassessment application form together with the appropriate fee to Badminton Scotland. For UKCC Level 1 candidates will need to attend an assessment on an existing UKCC Level 1 course, see our website for dates. For Level 1+, UKCC Level 2 and UKCC Level 3 candidates should arrange their own reassessment date and venue and then confirm tutor availability with Badminton Scotland.

The reassessment application form is available upon request and is also available on the Badminton Scotland Website. The reassessment fee should be submitted with the reassessment application form. Payment can be made by bank transfer or cheque; cheques should be made payable to Badminton Scotland.

Badminton Scotland will confirm the reassessment dates after receipt of the appropriate reassessment fee.

The conduct of reassessments should follow the same process and pattern as that outlined in the conduct of assessments in section 7 of this document.

Candidate/learners will be granted one official on course assessment of any assessed element. If an element is deemed as not yet competent, candidates/learners are granted one post course reassessment. A third and final assessment is permitted if there is only one assessed element outstanding overall. If, following the third assessment the candidate/learner has not been deemed competent on all course elements the candidate/learner will be required to attend another full course.

10.2 Level 1

- If a candidate fails any part of the practical assessment, they will have 2 further attempts for reassessment (at costings below).
- If a candidate fails the online modules, they will have 2 further attempts (Free of charge from Moodle).

UKCC Level 2 Guide to Reassessment

The process is as follows:

Arranging the reassessment -

1. Organise players and a court as needed for individual and group sessions
2. Agree a date and time for re-assessment with Badminton Scotland

Preparing for the reassessment -

3. Expectations for the reassessment are exactly the same as the assessment, so candidates should have all the information they need already. If candidates have any questions, please contact Hannah James details below.
4. Candidates need to send their 4 session plans to Badminton Scotland 1 week prior to the reassessment. Candidates can reuse their session plans for their original assessment.
5. On the day of the reassessment the assessor will email the candidate which stroke they will deliver to the individual player and which stroke they will deliver to the group of players.
6. Please see 'guide to filming' below if you are filming your reassessment.

After the reassessment -

7. If filming, the candidate will need to send the video files to Badminton Scotland. This can be done by using 'Wetransfer', which can send up to 2GB of data for free, or by posting a USB stick.

For wetransfer please use: coachadmin@badmintonscotland.org.uk and <https://wetransfer.com/>

For USB please use: Hannah James, Badminton Scotland, 40 Bogmoor Place, Glasgow, G51 4TQ.

8. Candidates also need to hand in their workbook, this also can be posted to the above address.

Guide to filming -

When might this occur?

- Re-assessments.
- Assessment of learners in remote places.
- Learners can't attend on day 3 of a course due to exceptional circumstances for example they are not well or there is extreme weather.

What are the benefits to the learner and assessor team?

- Learners can film in their own time.
- Reduces travel time for all involved and therefore any additional costs.

Top tips for filming

- It is highly recommended candidates find another person to assist them with filming. It is not recommended to place the video on a tripod in a corner and let the video run. The assessor needs to be able to hear what feedback the learner is giving to the player.

- Start the video just before you start and finish after you conclude. There may be additional questions.
- Ensure that the video records sound too; assessors must be able to hear both the learners and assessors.
- Ensure that the assessor can see what is written on any flipcharts etc. You could either include these in the film or take photographs after.
- Gain consent from the people that will be included in the film. Ensure these meet Child Protection and GDPR guidelines.
- Remember that the learners are your main priority.
- If a video fails to show the complete session (video and audio), you will be requested to film another session. This is your responsibility

10.5 UKCC Level 3

Candidates must attend all taught days of UKCC Level 3. If any days are missed due to absence, the candidate will need to attend another course date covering the topic that they missed.

Candidates have 2 years to complete UKCC Level 3. All portfolio work must be submitted within 18 months of the start date of the course.

Candidates will only be permitted to sit the final individual assessment if they have completed and attended all taught parts of the course and passed group and portfolio assessments.

Candidates will have 3 attempts to resit portfolio work, group assessment and individual assessment. If candidates fail after 3 attempts, the full course will need to be taken again.

The charge for re-assessments and portfolio re-assessment will be:

Re-sit Area	Cost
Group Assessment Resit	£40
Individual Assessment Resit	£50
Portfolio Re-assessment	£25

- If there is more than 1 hour of marking involved in the portfolio re-assessment then candidates will pay an hourly rate of £25 thereafter.

Section 11: UKCC Appeals Procedure

Tutors and Assessors, as a matter of good practice, will ask the candidate to initial and date the feedback they give them to ensure that it is accepted at the time by the candidate should an issue arise at a later date.

Result letters will be issued within 6 weeks of the assessment date. If you are not satisfied with the result, you must wait until the Competent/Not yet competent result letter is received, then you may wish to make an appeal, the procedure for which is shown below. **There will be a charge of £25 for any appeal made.** *BADMINTONscotland will not enter into any correspondence before the results and feedback letter has been issued and received by the candidate.*

1. In the first instance **candidates** with an issue regarding their assessment should address this, in writing, to the Course Tutor/Assessor and address the appeal to **BADMINTONscotland** within 14 days of the date of the course results letter sent to the candidate by **BADMINTONscotland**, along with the appeals fee of £25.
2. If the issue is put in writing the Tutor/Assessor will respond within 28 days of receipt of the appeal. The tutor/assessor(s) may:
 - a. Confirm the original assessment
 - b. Revise the original assessment with explanation/justification.
3. In light of 2a, the candidate/learner may:
 - a. Accept the assessment.
 - b. Appeal to the Internal Verifier, c/o **BADMINTONscotland** no later than 14 days after the date of receipt of response to point number 2.
4. The IV will reassess the candidate's paperwork/work and make a final decision which is binding and will be returned to the candidate as a written statement within 28 days of the appeal being conveyed to them. The IV may:
 - a. Confirm the original assessment made
 - b. Support the appeal on the basis of the evidence produced and reach an agreement with the tutor/assessor and candidate/learner. In the event of a disagreement between the tutor/assessor and IV regarding the assessment of a candidate/learner the decision of the IV will prevail.
 - c. Be unable to make a decision on the basis of the evidence provided.
5. Under 4.C, the outcome of the appeal may require the candidate/learner to be re-assessed on a specific area or against the overall assessment criteria. In this instance Badminton Scotland's decision is final. **NB. In the event of this scenario, the Badminton Scotland reassessment fee will be charged (section 9). This will only be refunded if the appeal is upheld.**

Section 12: Internal Verification Policy

Internal verification is a crucial element of SQA's quality assurance. It ensures that all candidates/learners entered for the same qualification are assessed fairly and consistently to the specified standard. Internal verification also ensures that all courses/programmes are delivered in a consistent and standard manner.

Badminton Scotland is responsible for operating an effective and documented internal quality assurance system; this is a requirement of being an SQA-approved centre. To ensure effective assessment and internal verification, centres must regularly review the effectiveness of their procedures and make any necessary improvements and ensure that changes made by SQA are adopted. This policy acts as a guide for the internal verification and system verification carried out by Badminton Scotland in relation to SQA approved and accredited courses and programmes.

The internal verification procedure gives the structure to assessment checking, provision of evidence and maintaining of standards.

- Internal verification may take place both during and after a course and all courses may be subject to internal verification.
- An internal verifier (IV) may attend at any point during a course and prior notice does not need to be provided.

Section 15: Malpractice Policy

Malpractice consists of those acts which undermine the integrity and validity of an assessment or examination, the certification of qualifications and/or damage the authority of those responsible for conducting the assessment, examination and certification.

The malpractice policy provides Badminton Scotland, its course organisers and tutor/assessors with the procedures for dealing with malpractice on the part of learners, members and any others involved in providing Badminton Scotland courses.

Introduction

Course organisers and tutor/assessors must be vigilant regarding examination malpractice and where malpractice occurs it must be dealt with in an open and fair manner.

In the interests of learners, course organisers and tutor/assessors need to respond effectively and openly to all requests for an investigation into an incident or a suspected incident of malpractice. Course organisers and/or tutor/assessors are

required to inform learners suspected of malpractice of their responsibilities and rights and inform Badminton Scotland immediately of the alleged incident for investigation.

Badminton Scotland reserves the right, in suspected cases of malpractice, to withhold the issuing of results or certificates while an investigation is in progress. Depending on the outcome of the investigation, results or certificates may be released or withheld. The following guidelines are for suspected incidences of malpractice or maladministration by learners, tutor/assessors and course organisers.

15.1 Learner Malpractice

Attempting or actually carrying out any malpractice activity is not permitted by Badminton Scotland. The following are examples of malpractice by learners; this list is not exhaustive and other instances of malpractice may be considered by Badminton Scotland at its discretion:

- Plagiarism — failure to acknowledge sources properly and/or the submission of another person's work as if it were the candidate's own. It is expected that any work which is forwarded by the candidate, for assessment purposes, has been undertaken and completed by the candidate alone. The ownership of thoughts and ideas must be acknowledged by the candidate, should you wish to borrow useful information.
- Collusion with others when an assessment must be completed by individual candidates
- Copying from another candidate manually or electronically (including using ICT to do so)
- Impersonation — pretending to be someone else.
- Fabrication of results – e.g. The alteration of any results document including certificates
- Failing to abide by the instructions of an invigilator, or Badminton Scotland conditions in relation to examination rules, regulations and security
- Inappropriate behaviour during an internal assessment that causes disruption to others. This includes shouting and/or aggressive behaviour or language.
- Behaving in such a way as to undermine the integrity of the assessment or examination
- Misuse of examination material
- Introduction of unauthorised material
- Cheating to gain an unfair advantage
- Attempting to influence the decision of an assessor

Where a learner is suspected of malpractice during an assessment or an examination, the course organiser or tutor/assessor must immediately inform Badminton Scotland. A detailed report of the malpractice must then be submitted to Badminton Scotland. The work or examination paper must be assessed or marked in the usual way. Badminton Scotland will consider the evidence and the learner's results will be withheld until a decision is made.

15.2 Course Organiser and Tutor/Assessor Malpractice

The following are examples of malpractice by Course organisers and/or Tutor/assessors. This list is not exhaustive and other instances of malpractice may be considered by Badminton Scotland at its discretion:

- Failing to keep any Badminton Scotland examination papers and learner assessment documentation secure
- Alteration of any Badminton Scotland examination papers
- Facilitating and allowing impersonation
- Misusing the conditions for learners with reasonable adjustment requests
- Falsifying records or certificates
- Obtaining unauthorised access to examination papers or material prior to an examination or practical assessment

Where there are grounds to suspect that a course organiser or tutor/assessor has acted inappropriately in the conduct of course delivery, assessments or examinations or where there are grounds to doubt the integrity of assessments or of assessment procedures, Badminton Scotland will investigate and will suspend the issue of results during the investigation.

15.3 Centre Malpractice

The following are examples of centre malpractice, but the awarding body, SQA, reserves the right to consider other instances of suspected centre malpractice which may undermine the integrity of our qualifications. The examples include:

- Misuse of assessments, including repeated re-assessment contrary to requirements, or inappropriate adjustments to assessment decisions.
- Insecure storage of assessment instruments and marking guidance.
- Failure to comply with requirements for accurate and safe retention of candidate evidence, assessment and internal verification records.
- Failure to comply with SQA's procedures for managing and transferring accurate candidate data.
- Excessive direction from assessors to candidates on how to meet national standards.
- Deliberate falsification of records in order to claim certificates.

15.4 Investigating Alleged Malpractice

When dealing with alleged malpractice, Badminton Scotland will deal with the course organiser and tutor/assessor. Badminton Scotland will require full access to all course paperwork and records for investigation purposes. As part of the investigation, Badminton Scotland retains the right to involve and deal with the learner and others in the investigation process. During the investigation period, Badminton Scotland may, pending the outcome of the investigation:

- Withhold the release of results or certificates
- Withhold examination papers if the security of the examination is considered at risk

If malpractice is discovered by Badminton Scotland or has been reported directly to Badminton Scotland by a third party, Badminton Scotland will conduct an investigation in a form commensurate with the nature of the alleged malpractice.

Such an investigation will require the full involvement of the all personnel linked to the allegation. In suspected cases of malpractice that involve Badminton Scotland, representatives (e.g. Internal Verifier), Badminton Scotland will conduct an investigation appropriate to the nature of the allegation.

15.5 Dealing with Malpractice

It is the responsibility of Badminton Scotland to carry out an investigation into allegations of malpractice. The alleged incident must be reported to Badminton Scotland at the earliest opportunity. Badminton Scotland reserves the right to carry out an independent investigation in full under any circumstances of alleged malpractice relating to a Badminton Scotland course and the full co-operation of all involved personnel will be expected.

If a course organiser or tutor/assessor discovers or suspects anyone of malpractice, they must inform Badminton Scotland in writing at the earliest opportunity to allow Badminton Scotland to investigate. Badminton Scotland will inform the learner in writing and make the individual fully aware of the nature of the alleged malpractice. Badminton Scotland will inform the learner of the possible consequences should malpractice be proven.

If a course organiser or tutor/assessor is alleging an individual may have been involved in an act of malpractice, the individual will be given the opportunity to respond in writing to the allegations made. Badminton Scotland will also inform such individuals of the avenues for appealing should a judgement be made against them.

Badminton Scotland reserves the right to access any documents held by the course organiser or tutor/assessor in relation to alleged malpractice. It may be necessary during the process to notify SQA, and other regulatory and funding authorities and for Badminton Scotland to share information with other bodies. |

15.6 Guidance to candidates/learners (including guidance on exemptions)

Detailed and realistic guidance should be given to candidates/learners who wish to undertake Badminton Scotland qualifications. Successful achievement by candidates/learners is dependent upon realistic guidance. Candidate/learners' pre-requisites/entry requirements should be carefully checked as well as their prior experience. Candidates should ensure they have provided suitable evidence to Badminton Scotland of pre-requisites prior to the start of the course. For UKCC Level 3, applications will be taken and candidates/learners will be selected by the Coaching and Development Committee based on previous experience, pre-requisites and impact of completing the course.
